BlueChoice PPO High Deductible Health Plans (HSA-Compatible) for Individuals and Families

What is a High Deductible (HSA-Compatible) Health Plan?

An annual deductible is the amount you pay each year before your insurance plan begins to pay benefits for expenses covered by your health plan. A high deductible health plan (HDHP) that is Health Savings Account (HSA)-compatible provides you with coverage for catastrophic medical occurrences that exceed the amount of your deductible. Premium savings with high deductible plans enable you to deposit the money you save into a HSA to cover your qualified medical expenses.

What is an HSA?

Health Savings Accounts (HSAs) help you take control of your health care expenses by combining a high deductible health plan with a tax advantaged savings account. Money in the savings account helps pay for your qualified medical expenses. Once your deductible is met, your BCBSGa benefits start paying. Money left in the HSA accumulates and is yours to keep.

BlueChoice PPO HSA-compatible HDHPs are provided by BCBSGa. The HSA is not administered by BCBSGa and you may choose any financial institution that provides this service.

Your Deductible Options

By law, the deductible of the health plan you choose directly affects the amount you may deposit into your HSA each year. BCBSGa offers you the choice of an Individual plan (for you alone) or a Family plan (for more than one person). You may choose from the following deductible options:

2006 100% COINSURANCE PLAN OPTIONS:

	INDIVIDUAL:		FAMILY:	
	DEDUCTIBLE	OUT-OF-POCKET	DEDUCTIBLE	OUT-OF-POCKET
Minimum	\$1,150	\$1,150	\$2,300	\$2,300
Mid-Point	\$1,800	\$1,800	\$3,500	\$3,500
Maximum	\$2,600	\$2,600	\$5,150	\$5,150

2006 80% COINSURANCE PLAN OPTIONS:

	INDIVIDUAL:		FAMILY:	
	DEDUCTIBLE	OUT-OF-POCKET	DEDUCTIBLE	OUT-OF-POCKET
Minimum	\$1,150	\$3,000	\$2,300	\$6,000
Mid-Point	\$1,800	\$4,000	\$3,500	\$8,000
Maximum	\$2,600	\$5,000	\$5,150	\$10,000

You must meet your annual deductible before your HDHP pays benefits, except for certain preventive care services. Each dollar that is spent for covered services goes towards meeting your annual deductible. Unique features of our HSA-compatible HDHPs include:

- A single deductible for both prescription drugs and medical services.
- A combined family deductible (the subscriber, spouse and dependents).
- Preventive care benefits begin paying immediately while other benefits are paid once your deductible is met.

Understanding HSAs

Tax Advantages of the HSA

HSAs are established to receive tax-favored contributions by or on behalf of eligible individuals. Amounts in an HSA may accumulate over the years or be distributed on a tax-free basis to pay for qualified medical expenses.

Withdrawals for non-qualified expenses are subject to income taxes. An additional 10% penalty is applied to non-qualified withdrawals until the owner of the HSA reaches age 65.

BCBSGa does not offer tax advice regarding the establishment or management of an HSA. If you intend to purchase a BCBSGa HSA-compatible HDHP to use in conjunction with an HSA, please consult with your tax or legal advisor to determine if:

- You are eligible
- Your HSA and HSA-compatible HDHP meet all requirements
- This type of plan is right for you

“Catch-up” Contributions

For 2006, individuals over the age of 55 may make an additional \$700 “catch-up” contribution to their HSA account. This amount increases by \$100 annually until 2009 when an additional \$1,000 can be added to the account.

Administering the HSA

In order to receive the tax benefits of an HSA, you must:

- Qualify as an “eligible individual” under Internal Revenue Service (IRS) regulations
- Be enrolled in a qualified high deductible health plan
- Open an HSA meeting IRS requirements.

Any financial institution already approved as an Individual Retirement Account (IRA) or Medical Savings Account (MSA) trustee/custodian can be an HSA trustee/custodian.

You have the freedom to choose any qualified institution that best fits your needs. Please contact your Broker or financial advisor for more information.

For Individuals Who Currently Have a Medical Savings Account (MSA)

Funds contributed to an MSA may be rolled over to an HSA under Federal legislation. Existing MSA trustees/custodians have already been approved as HSA trustees/custodians by the Federal government.

Please consult with your current trustee/custodian for additional information regarding the rollover of MSA funds to an HSA.

The Extras That Matter

We are committed to empowering members with relevant and timely health information resources to help you make more informed decisions about your health. Here are just some of the valuable programs and services we offer to our members.

Healthcare Advisor by Subimo

Read Your Contract Carefully.

This summary of benefits provides only a brief description of the important features of your plan. This is not the insurance contract and only the actual policy will control. The contract itself sets forth in detail the rights and obligations both of you and BCBSGa. It is, therefore, important that you READ YOUR CONTRACT CAREFULLY!

Additional Waiting Periods

A member must be covered for twelve (12) consecutive months under a family contract to be eligible for any maternity benefits, regardless of when the pregnancy occurs.

This brochure provides general information only and is not intended to be a substitute for the advice of a qualified tax professional. If you are considering an HSA, you should consult a qualified tax advisor who can evaluate your particular needs and circumstances. A high-deductible health plan is not an MSA or HSA. An MSA or HSA, which must be established for tax advantages, is a separate arrangement between the individual and a bank or other qualified institution. Consultation with a tax advisor is recommended.
